Marmitek Power SE

Smart plug, Wi-Fi, 240V, 15A, 3450W, 1 socket, on/off manual & automatic

This smart Wi-Fi plug enables you to switch devices on/off with your smartphone/tablet. For example, connect your floor light bulb or completely turn off your television at night. All you need is this power plug, the Smart me app and a stable Wi-Fi network to get started. The Power SE can be switched manually or controlled via the Smart me app. In the Smart me app, link one of our cameras or sensors to this Power SE and you can automatically switch a device on or off when motion is detected. The app also enables you to indicate whether a device should be switched on or off at a specific time. It's plug and play!

- Plug & play: no gateway or software required.
- Use the Smart me app to set timings for switching on/off automatically.
- Use the Smart me app to allow different Marmitek smart products to communicate with each other.
- Possible to turn on/off manually.
- Switch on/off your electrical devices from anywhere with the Marmitek Smart me app or you voice.
- Compatible with Amazon Alexa & Google Assistant.
