## Sinox Bluetooth Table Speaker Light Wood

Powerful Bluetooth speaker and table in one

Furniture design and technology is beautifully combined into this Sinox multimedia table. The high quality makes wood and fabric come together in a piece of modern and multifunctional furniture that elegantly hides the technology. The table contains 6 speakers, that all together provides you with a fantastic sound quality and playing of your favourite music. Additionally, the built-in wireless Qi-charger in the table allows you to easily charge your phone. The 2 USB-ports and digital audio output allow you to connect other devices. Up to 7 hours of wireless playing. Charger is included.
